Wednesday, October 3, 2018 • 1 pm • Miles, TX

180 Age-Advantage Bulls
200+ Commercial Red Angus Females
90 Registered Red Angus Females

Raised with Tradition • Bred for Profit • Developed to Last

**1 Beckton
Red Angus**
Foundation Herd of the Red Angus Breed

HALFMANN

RED ANGUS

Welcome to the Halfmann-Beckton Red Angus Sale!

Dear Friends,

We welcome you to join us on Wednesday, October 3rd, at the ranch near Miles, Texas for the 2018 edition of our Profit Through Experience Sale. Once again we are joined by Beckton Red Angus; combined our two operations have been supplying Red Angus bulls to ranchers for over 120 years!

Our customers' sustained profitability is the key to both of our operations' longevity. Both Beckton and Halfmann Red Angus have endeavored to develop genetics that result in more live calves, higher pregnancy rates, cows staying productive in the herd longer, more total pounds per acre - and ultimately greater profitability for our cow/calf customers. As you study this 2018 sale catalog, be sure to notice how many bulls rank in the top of the breed for HerdBuilder - Red Angus' most comprehensive economic selection index that balances calving ease, pay-weight, reproductive traits, cow feed costs and calf value traits to identify those bulls that offer the impact on profit across the entire operation. 2018 has seen Red Angus continue its role as the fastest growing beef breed in America, and the Red Angus female remains the replacement of choice among commercial beef operations. On Superior Livestock Video Auctions, Red Angus sired heifers have outsold Black Angus sired heifers by \$7/cwt in all Superior sales between 2010 and 2017.

Beckton and Halfmann Red Angus are joining together to offer some 225 head of commercial Red Angus females; which will sell from their respective ranch. These heifers are the result of the same bloodlines that are responsible for our 2018 bull offering, so they are loaded with genetics for calving ease, fertility, longevity and low maintenance costs.

As you study the catalog if you have any questions, or need someone to assist you in bull selection, please feel free to give either of our operations a call.

We look forward to seeing you on October 3rd! We hope you'll come early, study the bulls, and join us for our Customer Appreciation Dinner on October 2nd at 5:00 pm.

Online Supplemental Information:

Color photos, supplement information, videos and catalog available on our website: HalfmannRedAngus.com

Cattle Viewing

Videos are available online at www.HalfmannRedAngus.com. Cattle will be available for viewing at 12 pm the day prior to the sale. All bulls, registered females and Halfmann commercial females are located at Halfmann Ranch in Miles, Texas. All other commercial females are located at the seller's location.

Delivery

- Bulls will be delivered free of charge to central points for the first 400 miles from Miles, TX. All miles beyond 400 will be at cost.
- Registered females will be delivered at cost.
- Buyers whose bull and registered female purchases total \$18,000 or greater will receive free delivery in the continental US.
- Buyers who haul their own animals on sale day can deduct \$200 per bull or \$50 per registered female from their purchases.
- Halfmann commercial females sell FOB Miles, TX. Beckton will pay the first 400 miles freight from Sheridan, WY for Beckton commercial females.

We will deliver cattle 1 to 3 weeks after the sale, although we will try to accommodate you if you need your bulls right away. We will make every effort to deliver your purchases to a central point as close as possible to your ranch.

All deliveries are at buyer's risk. We recommend insuring your purchases.

Insurance

Insurance will be available to purchase on sale day at checkout

Feeding

Please arrange to pick up or receive your purchases. Halfmann Ranch will begin shipping on the Monday following the sale. We will hold cattle if needed for 10 days following the sale. Afterwards, purchased cattle will be assessed for feed at \$5/head/day.

Absentee Bids

If you are unable to attend the sale, we can help you select the bulls or females to fit your needs. We guarantee Sight Unseen Purchase Satisfaction. Contact us or one of the livestock representatives before the sale. Your bid will be handled confidentially.

Herd Health

We have a comprehensive herd-wide health program which includes vaccinations for 7-Way, IBR, BVD, PI3, BRSV, Lepto, and ivermectin. The heifers are also vaccinated for bangs and vibrio. All Halfmann animals have been tested negative for BVD PI. All the bulls will have a general health and fertility examination by sale day. Breeding information will be available on sale day. Interstate health papers will be furnished for each animal in accordance with Federal Regulations.

International Buyers: it will be the responsibility of the buyer to cover the costs of any testing required for export outside of the United States.

Sale Day Lunch

A barbecue lunch will be served on sale day starting at 11 am. The lunch will be sponsored by Gorman Milling Company/Red Chain Feeds.

Auction Format:

Selling in catalog order by recorded video. May bid in person at Halfmann Ranch in Miles, TX, by phone with a livestock representative, or through Superior Productions (see next page for phone and computer instructions).

How To Participate As An Absentee Buyer

We have made preparations to bid and buy livestock through Superior Productions' "Call or Click-To-Bid" service for those unable to attend in person on sale day. **Please note that all of the lots in the sale will also be available for viewing online prior to sale day at superiorlivestock.com.**

Here's How It Works

Turn in Bids Over the Phone

This is our traditional method of buying livestock and is the suggested process for anyone who does not have consistent, high-speed internet. To get started simply go online to superiorlivestock.com and click on the tab titled "Register for a Buyer Number". Select the registration form for Superior Productions and print the registration form. Fill it out and fax it in to Superior Productions at 817-378-3380 with a signature on it, or scan and email the form to info@superiorauction.com. You can also mail it in to the address provided on the form. Upon receipt of this information Superior will call you with a buyer's number and the bid line phone number that you will use on sale day to place bids over the phone.

Click-To-Bid

This is Superior's online bidding program for cattle buying. **Please note that high-speed internet is required – this is not for dial-up or satellite internet.** Registration is free, but you must become a member of superiorclicktobid.com to sign up. Becoming a member is easy – just go to the homepage of superiorclicktobid.com and follow the outlined steps to get started. Input your information and select a username and password. You will receive an e-mail confirming you are a member. From that point forward you just have to sign in and select the sale you would like to register for and once approved by the ranch you will receive an email confirming which sale you are now registered for.

Viewing the Auction

There are 2 places to view the sale broadcast live on the internet: www.superiorlivestock.com or www.superiorclicktobid.com. Just go to the home page of either website and select the auction. If you just want to watch the auction on your computer, smartphone, or tablet, go to www.superiorlivestock.com. If you want to bid over the computer, you must go to www.superiorclicktobid.com. Remember, you can call in to bid on the internet, but you must be a member of www.superiorclicktobid.com to "click-to-bid". Your computer must have Flash Media Player installed for this website to view the auction. If you have any questions, please call the Superior Productions office at 800-431-4452.

If you plan to bid by phone through Superior Livestock or 'Click-to-Bid', you must register at www.superiorlivestock.com prior to bidding.

Join us!

Customer Appreciation Dinner

October 2nd at 5 p.m.

A steak dinner sponsored by Boehringer Ingelheim will be served and a presentation by Jamie Smith will be given on the benefits of Long Range Dewormer. Also, Gary Fike, Director of Commercial Marketing with the Red Angus of Association, will be speaking.

Please RSVP by phone or email (listed at the top of page 3).

Ranch Tested. Rancher Trusted.

Focusing On The Bottom Line

Profit has two sides to the equation, Income & Expense. For many years, some cattlemen have concentrated on how to maximize income, while not paying attention to expense. When times get tough, businesses of all industries tend to become more efficient and focus on reducing expenses. The Red Angus Association recognized this early on and developed unbiased scientific methods to measure economically relevant traits to help cattlemen become more efficient. The most economically relevant traits are Calving Ease Direct (CED), Birthweight (BW), Maintenance Energy (ME) and Stayability.

The Impact Of Birthweight & Calving Ease

The foundation of animal breeding is fertility and calf survival. Without cows breeding up and weaning a calf every year, producers will incur an economic loss. Using low birthweight, calving-ease bulls with growth will ensure a higher percentage of weaned calves and more total pounds of calves weaned. For example, suppose you use a higher birthweight bull that adds 20 more pounds per calf at weaning. If the calves wean at 600 pounds and you lose one calf at birth, the cost of losing one calf is equivalent to the additional 20 pounds of gain on 30 calves. Maintaining a high weaning percentage should be a high priority. Low birth weight is highly correlated to mature cow size. An added benefit of using low birthweight bulls is the surest way of producing moderate-sized, efficient females for the future.

Stayability

This predicts the ability of a bull's daughters' to conceive every year until the age of six. That is how long it takes a female to break even given all the expenses of development. Red Angus is the only major breed able to measure fertility in this manner due to the use of THR (Total Herd Reporting).

Maintenance Energy

This EPD predicts the relative feed energy requirement for maintenance, for cows produced by a sire or female. 70% of cow herd feed costs are burned up in maintaining weight and condition. Feed costs make up by far the largest proportion of operating costs. The ME EPD is calculated using mature weight, milk and body condition score (BCS). Breeders collect cow weights and BCS at weaning. Maintaining moderate framed and easy keeping females is very crucial in our environment. They require less energy to maintain each year and they also breed back more consistently. Our cows must wean a high percentage of their own body weight to be considered efficient. If you can raise a 600-lb. calf each year with an 1100-lb. cow, why would you want to keep feeding that 1600-lb. cow that does the same thing with more grass & feed?

Using EPDs & Ratios

A common misconception is that EPDs will tell us which animal of several being compared is 'best.' EPDs are merely a description of each animal's genetic make-up. It is up to us to determine which animal is best for us. Selecting for single traits is not always the most effective choice. When selecting a bull, take into consideration all traits that are relevant for your program. By correctly using EPDs, we can each determine which animal best fits our programs, or moves them in a direction we want to go. Ratios are used for comparing within a single contemporary group. Selecting between contemporary groups with actual data can be inaccurate and lead to selection or culling errors! Performance measurements such as growth and marbling may vary greatly between contemporary groups depending on how they are managed and fed. For example, grain-fed animals are more likely to have higher marbling scores than forage-fed animals. However, forage-fed animals may be genetically capable of producing higher marbling scores but are not fed high-grain rations for other management reasons.

Lot 1

Few sires in Red Angus history have impacted the breed as positively as P707, and we start our 2018 sale with one of his best sons to date. Moderate, Deep ribbed and wide based, E735 combines double-digit calving ease with triple-digit growth. This calving ease specialist hasn't missed a beat posting ratios of 106 WW, 111 YW, 123 ADG, 101 IMF and 107 REA.

This Synergy son combines two of the most influential sires ever to walk our pastures, Synergy and Hustler. This sound, moderate, deep-bodied bull comes with best 1% genetics to improve cow herd profitability to easier calving daughters, better heifer breedup, improved longevity, and reduced feed costs.

It's not every sale where you find heifer bulls that add performance – like this Heritage son that spreads a 69 lb birthweight to a 122 Gain ratio. His best 16% Gain EPD and best 14% DMI EPD suggest he'll improve feed efficiency.

This direct son of P707 is out of a really nice first calf heifer by Night Calver, no wonder he ranks in the top 1% for cow herd profitability. This best 10% Calving Ease bull is even better for average daily gain and carcass weight and ranks in the top 20% or better for 10 traits.

This linebred P707 was born 8% lighter than his contemporaries, but that's the last time he was ever below average - racing to the front of his calf crop for payweight, quality and yield by posting ratios of 115 WW, 110 YW, 113 IMF, and 113 REA. His dam is one of our best Synergy daughters with a 108 MPPA.

	Sold in one lot of 20 head. 400 miles free from Sheridan, WY				

How the Halfmann-Beckton Commercial Female Sale will work:

- Commercial Females were videoed at their respective ranch of origin prior to the sale. That video will be available with the bull and registered female videos on Superior and at HalfmannRedAngus.com
- Females will be sold in uniform groups of 10-20 head according to age and pregnancy status.
- The winning bidder of any groups sold as “gate-cut” will have the option of “rolling” the remaining head in that group.
- The above lots include general descriptions of the cattle selling as well as delivery information. The Sale Day Supplement will have any updated palpation/ultrasound information and how that impacts the exact number of head in each lot.
- Halfmann commercial females sell FOB Miles, TX. Beckton will pay the first 400 miles freight from Sheridan, WY for Beckton commercial females

All commercial Females identified as “Bred” have been determined pregnant by a competent ultrasound or palpation technician.

Service Sire: Synergy / #1384811 | Due Date: 1/2/19

Pretty uddered first calf heifer that predicts to last longer and require less feed in doing so. Synergy is the service sire on many of our sale females this year; he really made the transition to BOLT EPDs well and excels in those traits that improve weaning rate, fertility, and longevity.

This Synergy daughter is out of an own daughter of breed legend, Choctaw Chief 373. Although Choctaw Chief is competing against 50 years of genetic trend, E910 has single digit ranks for HerdBuilder plus CED, DMI, Milk, Maternal Calving Ease and STAY.

Not everything is revealed in EPDs, and even though Synergy reads really well, we love the fact that his daughters are productive, easy fleshing, docile and slick-haired. We will continue to put his influence in our herd.

These good open yearlings were a bit young for our spring season so we thought it'd be better to have them calving in the front end of someone's fall calving season. We start this pen off with a 200+ HerdBuilder who puts 10 traits in the top 35% of Red Angus.

AUCTIONEER

TERMS & CONDITIONS

BIDDING DISPUTES

The Auctioneer will settle any disputes as to bids, and his decision on such matters shall be final.

TERMS

Terms of sale are cash. All settlements will be made with the clerks of the sale immediately following the conclusion of the sale and before any cattle will be released.

PURCHASER'S RISK

Each animal becomes the risk of the Buyer as soon as sold. Insurance will be available sale day.

CERTIFICATE OF REGISTRY

A certificate of registry will be furnished to the Buyer for each animal after settlement has been made.

ANNOUNCEMENTS

Changes or errors in the information contained in this catalog relating to the animals offered for sale will be announced from the auction box and such announcements shall take precedence over printed matter in the catalog.

BREEDING GUARANTEE

All animals sold are guaranteed breeders by the Seller. All claims for adjustment or refund must be made in writing within six months of the sale date. In the event an animal is claimed to be a non-breeder, the purchaser may return the animal to the ranch of the seller if in good condition, free of disease, and complying with the health requirements of the Seller's state. The Seller will be entitled to six months trial following the return of the animal in which to prove that the animal is a breeder. If at the end of six months, the Seller shall be obligated, at his option, to refund the purchase price, replace the animal with another of equal value, or grant the buyer credit for use on cattle marketed by the seller. The return of the full purchase price shall, in any case, be deemed full satisfaction and settlement. If the Seller proved the animal to be a breeder, it shall be the obligation of the purchaser to take delivery of the animal at the purchaser's expense. All animals are guaranteed to be breeders, with the exception of a) calves under twelve months of age; or b) animals shown by Purchaser after sale; or c) gross negligence or willful misconduct on the part of the Purchaser.

SELLER'S SEMEN RIGHTS

Seller keeps a 50% revenue-sharing breeding interest without possession, in every bull in this catalog unless otherwise noted in this catalog or in the sale day supplement. In the event Seller elects to collect semen from a designated bull, it will be done at Seller's expense and during such time when purchaser is not using the bull for breeding. Future semen collections of the bull must be made known to all owners prior to collecting. These collections and costs will be divided according to each owner's interest unless otherwise agreed upon mutually by all owners.

LIABILITY

Neither owners, sale managers, clerks nor anyone connected with the sale assumes responsibility, legal or otherwise, for damage of any kind.

CONTRACT

The above terms and conditions shall constitute a contract between the buyer and seller of each animal sold.

IMPLIED WARRANTY

Except for those stated in the terms and conditions, there are no warranties or implies, as to merchantability or fitness for a particular purpose with respect to the cattle being sold in this auction. The warranties set forth in the terms and conditions are in lieu of all other warranties, either expressed or implied, and the remedies provided therein shall be the sole and exclusive remedy of the buyer, or any party claiming through the buyer, for any breach of warranty or guarantee therein provided and all other obligations or liabilities.

At Capital Farm Credit, we do things differently. We're a cooperative—that means we're owned by the same ranchers, farmers and agribusinesses we serve. Whether you're looking for operating capital, a beginning rancher loan or need help navigating a rural land purchase, your goals are our goals.

Partnership that really pays.
