**Red Angus**  
*Foundation Herd of the Red Angus Breed*

**HALFMANN**  
**RED ANGUS**

*Raised with Tradition • Bred for Profit • Developed to Last*

# Welcome to the Halfmann-Beckton Red Angus Sale!

Dear Friends,

We welcome you to join us on Wednesday, October 2nd, at the ranch near Miles, Texas for the 2019 edition of our "Profit Through Experience" Sale. Combined, the Halfmann and Beckton Red Angus programs have over 130 years' experience in supplying genetics to the beef industry. Our longevity is largely due to our shared focus on commercial customer profitability.

Both Beckton and Halfmann Red Angus have endeavored to develop genetics that result in more live calves, higher pregnancy rates, cows staying productive in the herd longer, more total pounds per acre - and ultimately greater profitability for our cow/calf customers. Throughout this 2019 sale catalog, you'll find many bulls rank in the top of the breed for HerdBuilder - Red Angus' most comprehensive economic selection index that balances calving ease, pay-weight, reproductive traits, cow feed costs, and calf value traits to identify those bulls that offer the impact on profit across the entire beef supply chain. 2019 has seen the continued dominance of the Red Angus female, and Red Angus sired heifers remain the replacement of choice among commercial beef operations. Superior Livestock Auction data compiled by Kansas State University (KSU) between 2010 and 2018 shows that Red Angus sired heifers have outsold Black Angus sired heifers by \$7/cwt.

In addition to 160 Age Advantage bulls, Beckton and Halfmann Red Angus are joining together to offer over 200 head of commercial Red Angus females; which will sell from their respective ranch. These heifers result from the same matings that produced our 2019 bull offering, so they are loaded with genetics for calving ease, fertility, longevity, and low maintenance costs.

A special feature of this year's event will be the front-end Red Angus females we'll offer. This includes high MPPA donor prospects with proven progeny records as well as some of our top-performing replacements - all with front pasture phenotype!

As you study the catalog if you have any questions, or need someone to assist you in bull selection, please feel free to give either of our operations a call. We look forward to seeing you on October 2nd!

## Halfmann Red Angus & Beckton Red Angus

## Online Supplemental Information:

Color photos, supplement information, videos and catalog available on our website: [HalfmannRedAngus.com](http://HalfmannRedAngus.com)

## Cattle Viewing

Videos are available online at [www.HalfmannRedAngus.com](http://www.HalfmannRedAngus.com). All bulls and registered females will be on display at 12 noon the day prior to the sale at Halfmann Ranch Headquarters, Miles, Texas. Halfmann's commercial heifers will be at various pastures near the headquarters. The Beckton commercial females will be available for viewing and delivered from their ranch in Sheridan, Wyoming.

## Delivery

- Bulls will be delivered free of charge to **central points** for the first 400 miles from Miles, TX. All miles beyond 400 will be at cost.
- Registered females will be delivered at cost.
- Buyers whose bull and registered female purchases total \$18,000 or greater will receive free delivery in the continental US.
- Buyers who haul their own animals on sale day can deduct \$100 per bull from their purchases.
- Halfmann commercial females sell FOB according to their lot description. Beckton will pay the first 400 miles freight from Sheridan, WY for Beckton commercial females.

We will deliver cattle 1 to 3 weeks after the sale, although we will try to accommodate you if you need your bulls right away. We will make every effort to deliver your purchases to a central point as close as possible to your ranch.

All deliveries are at buyer's risk. We recommend insuring your purchases.

## Insurance

Insurance will be available to purchase on sale day at checkout

## Feeding

Please arrange to pick up or receive your purchases. Halfmann Ranch will begin shipping on the Monday following the sale. We will hold cattle if needed for 10 days following the sale. Afterwards, purchased cattle will be assessed for feed at \$5/head/day.

## Absentee Bids

If you are unable to attend the sale, we can help you select the bulls or females to fit your needs. We guarantee Sight Unseen Purchase Satisfaction. Contact us or one of the livestock representatives before the sale. Your bid will be handled confidentially.

## Herd Health

We have a comprehensive herd-wide health program which includes vaccinations for 7-Way, IBR, BVD, PI3, BRSV, Lepto, and ivermectin. The heifers are also vaccinated for bangs and vibrio. All Halfmann animals have been tested negative for BVD PI. All the bulls will have a general health and fertility examination by sale day. Breeding information will be available on sale day. Interstate health papers will be furnished for each animal in accordance with Federal Regulations.

**International Buyers:** it will be the responsibility of the buyer to cover the costs of any testing required for export outside of the United States.

## Sale Day Lunch

A barbecue lunch will be served on sale day starting at 11 am. The lunch will be sponsored by **Gorman Milling Company/Red Chain Feeds**.

## Auction Format:

Selling in catalog order by recorded video. May bid in person at Halfmann Ranch in Miles, TX, by phone with a livestock representative, or through Superior Productions (see next page for phone and computer instructions).

## How To Participate As An Absentee Buyer

We have made preparations to bid and buy livestock through Superior Productions' "Call or Click-To-Bid" service for those unable to attend in person on sale day. **Please note that all of the lots in the sale will also be available for viewing online prior to sale day at [superiorlivestock.com](http://superiorlivestock.com).**

## Here's How It Works

### Turn in Bids Over the Phone

This is our traditional method of buying livestock and is the suggested process for anyone who does not have consistent, high-speed internet. To get started simply go online to [superiorlivestock.com](http://superiorlivestock.com) and click on the tab titled "Register for a Buyer Number". Select the registration form for Superior Productions and print the registration form. Fill it out and fax it in to Superior Productions at 817-378-3380 with a signature on it, or scan and email the form to [info@superiorauction.com](mailto:info@superiorauction.com). You can also mail it in to the address provided on the form. Upon receipt of this information Superior will call you with a buyer's number and the bid line phone number that you will use on sale day to place bids over the phone.

### Click-To-Bid

This is Superior's online bidding program for cattle buying. **Please note that high-speed internet is required – this is not for dial-up or satellite internet.** Registration is free, but you must become a member of [superiorclicktobid.com](http://superiorclicktobid.com) to sign up. Becoming a member is easy – just go to the homepage of [superiorclicktobid.com](http://superiorclicktobid.com) and follow the outlined steps to get started. Input your information and select a username and password. You will receive an e-mail confirming you are a member. From that point forward you just have to sign in and select the sale you would like to register for and once approved by the ranch you will receive an email confirming which sale you are now registered for.

### Viewing the Auction

There are 2 places to view the sale broadcast live on the internet: [www.superiorlivestock.com](http://www.superiorlivestock.com) or [www.superiorclicktobid.com](http://www.superiorclicktobid.com). Just go to the home page of either website and select the auction. If you just want to watch the auction on your computer, smartphone, or tablet, go to [www.superiorlivestock.com](http://www.superiorlivestock.com). If you want to bid over the computer, you must go to [www.superiorclicktobid.com](http://www.superiorclicktobid.com). Remember, you can call in to bid on the internet, but you must be a member of [www.superiorclicktobid.com](http://www.superiorclicktobid.com) to "click-to-bid". Your computer must have Flash Media Player installed for this website to view the auction. If you have any questions, please call the Superior Productions office at 800-431-4452.

**If you plan to bid by phone through Superior Livestock or 'Click-to-Bid', you must register at [www.superiorlivestock.com](http://www.superiorlivestock.com) prior to bidding.**

## Focusing On The Bottom Line

Profit has two sides to the equation, Income & Expense. For many years, some cattlemen have concentrated on how to maximize income, while not paying attention to expense. When times get tough, businesses of all industries tend to become more efficient and focus on reducing expenses. The Red Angus Association recognized this early on and developed unbiased scientific methods to measure economically relevant traits to help cattlemen become more efficient. The most economically relevant traits are Calving Ease Direct (CED), Birthweight (BW), Maintenance Energy (ME) and Stayability.

## The Impact Of Birthweight & Calving Ease

The foundation of animal breeding is fertility and calf survival. Without cows breeding up and weaning a calf every year, producers will incur an economic loss. Using low birthweight, calving-ease bulls with growth will ensure a higher percentage of weaned calves and more total pounds of calves weaned. For example, suppose you use a higher birthweight bull that adds 20 more pounds per calf at weaning. If the calves wean at 600 pounds and you lose one calf at birth, the cost of losing one calf is equivalent to the additional 20 pounds of gain on 30 calves. Maintaining a high weaning percentage should be a high priority. Low birth weight is highly correlated to mature cow size. An added benefit of using low birthweight bulls is the surest way of producing moderate-sized, efficient females for the future.

## Stayability

This predicts the ability of a bull's daughters' to conceive every year until the age of six. That is how long it takes a female to break even given all the expenses of development. Red Angus is the only major breed able to measure fertility in this manner due to the use of THR (Total Herd Reporting).

## Maintenance Energy

This EPD predicts the relative feed energy requirement for maintenance, for cows produced by a sire or female. 70% of cow herd feed costs are burned up in maintaining weight and condition. Feed costs make up by far the largest proportion of operating costs. The ME EPD is calculated using mature weight, milk and body condition score (BCS). Breeders collect cow weights and BCS at weaning. Maintaining moderate framed and easy keeping females is very crucial in our environment. They require less energy to maintain each year and they also breed back more consistently. Our cows must wean a high percentage of their own body weight to be considered efficient. If you can raise a 600-lb. calf each year with an 1100-lb. cow, why would you want to keep feeding that 1600-lb. cow that does the same thing with more grass & feed?

## Using EPDs & Ratios

A common misconception is that EPDs will tell us which animal of several being compared is 'best.' EPDs are merely a description of each animal's genetic make-up. It is up to us to determine which animal is best for us. Selecting for single traits is not always the most effective choice. When selecting a bull, take into consideration all traits that are relevant for your program. By correctly using EPDs, we can each determine which animal best fits our programs, or moves them in a direction we want to go. Ratios are used for comparing within a single contemporary group. Selecting between contemporary groups with actual data can be inaccurate and lead to selection or culling errors! Performance measurements such as growth and marbling may vary greatly between contemporary groups depending on how they are managed and fed. For example, grain-fed animals are more likely to have higher marbling scores than forage-fed animals. However, forage-fed animals may be genetically capable of producing higher marbling scores but are not fed high-grain rations for other management reasons.

Lot 1

Here's the perfect herd sire for ranchers who want best 12% calving ease, but don't want to sacrifice balanced EPDs, profit indices or phenotype. Long-bodied, deep quartered and wide-based, F178 is sound, athletic and masculine and has 12 EPDs and indices in the top third of the breed. F178 bested his herdmates by 11% at weaning, 9% at yearling, 6% for gain and 10% for ribeye. His dam 3-year-old dam is an ideal female - under 1100 lbs and has already earned a 106 MPPA as a 3-year-old.

*Synergy was injured this summer in the breeding pasture as a 9-yr-old bull; an age where most sires have long since been sent to the packer. Year in and year out, Synergy sons are our most popular thanks to the tremendous longevity, calving ease and cow herd building traits he delivers. This Top 5% HerdBuilder is no exception and predicts to produce heifers that breed early, calve unassisted and remain productive in the herd.*

*Synergy consistently produced reliable calving ease with exceptional performance and F145 is an excellent example. Remember, Red Angus had a base adjustment for calving ease this time last year, so if in previous years your CED number was a 9 or 10 to use on heifers - you'll want to be around 15 or higher to have the same degree of calving ease. F145 gets that done with exceptional performance ratios of: 129 WW, 122 YW, 110 ADG, 107 Marbling, and 110 REA.*

This son of Beckton Scamp has a growth curve the Beef Industry needs to mass-produce. Coming into the world at only 62 lbs., F844 caught up by weaning with a 102 WW ratio, then left the competition in the dust earning ratios of 137 for ADG and 116 for YW. Look at his 108 IMF and 120 REA ratios and you understand how he came to be a top 1% GridMaster.

F193, and his half-brothers who sell as Lot 58 and 63 make a set of 200+ HerdBuilder sons that would work together on a set of heifers - especially for herds that raised their own replacements. Note all three of these bulls were raised by cows that were at least 10 years old.

<i>Sold in one lot of 10 head. 400 miles free from Sheridan, WY</i>					

## How the Halfmann-Beckton Commercial Female Sale will work:

- Commercial Females were videoed at their respective ranch of origin prior to the sale. That video will be available with the bull and registered female videos on Superior and at [HalfmannRedAngus.com](http://HalfmannRedAngus.com)
- Females will be sold in uniform groups of 10-20 head according to age and pregnancy status.
- The winning bidder of any groups sold as “gate-cut” will have the option of “rolling” the remaining head in that group.
- The above lots include general descriptions of the cattle selling as well as delivery information. The Sale Day Supplement will have any updated palpation/ultrasound information and how that impacts the exact number of head in each lot.
- Halfmann commercial females sell FOB Miles, TX. Beckton will pay the first 400 miles freight from Sheridan, WY for Beckton commercial females

All commercial Females identified as “Bred” have been determined pregnant by a competent ultrasound or palpation technician.

Service Sire: WFL Merlin 018A | Due: 10/10/2019

One of the deepest, thickest own daughters of P707 we're aware of! She's out of a 111 MPPA Destination daughter that has been an important female in our program. Y596's contribution to profitability stems from her tremendous balance of low birth weights, rapid gain, low cow maintenance, heavy pay weight, and improved cow longevity.

Service Sire: HALFMANN TAKEOVER SI E818 | Due: 10/30/2019

We share beautiful uddered, front-pasture donor dam by P707, while she's in the prime of her productive life. X467 balances calving ease with gain, and cow herd longevity with carcass quality, and packages all of that with tremendous phenotype.

**Together we're better.**

At Capital Farm Credit, we do things differently. We're a cooperative—that means we're owned by the same ranchers, farmers and agribusinesses we serve. Whether you're looking for operating capital, a beginning rancher loan or need help navigating a rural land purchase, your goals are our goals.

Partnership that really pays.

# Red Angus Returns

Calf enrollments in FCCP have increased 39% from 2015-2017 for the right reasons:

- Significant premiums
- Source verification for export markets
- Access to Angus product lines

Enrollees must verify:

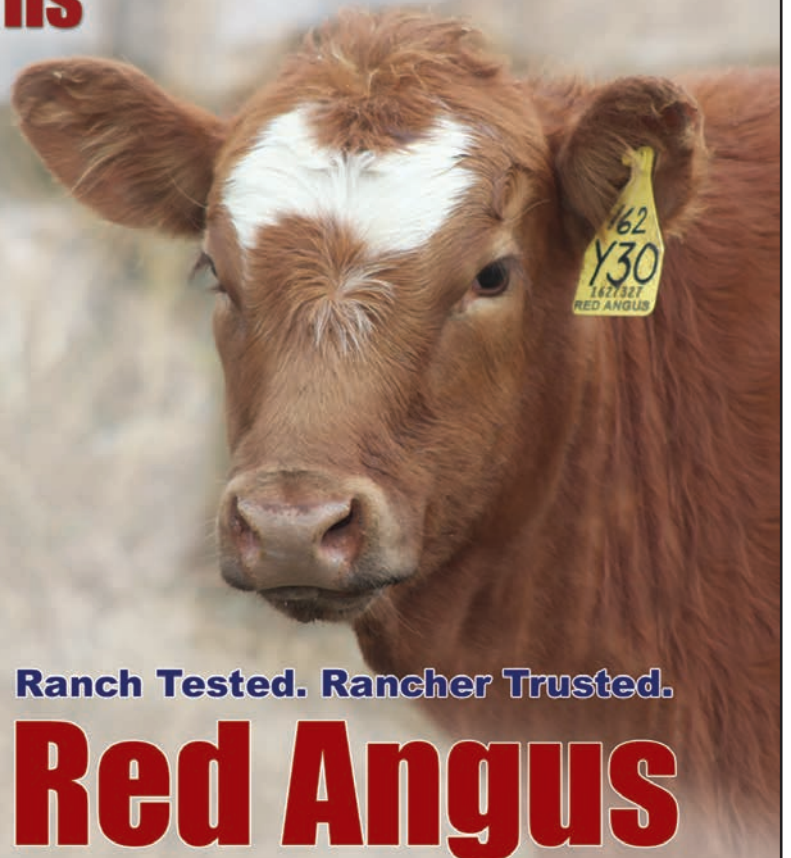

- Traceability to at least 50 percent Red Angus breed influence
- Ranch of origin
- Group age

To enroll your calves and start earning industry-leading premiums, contact Chessie Mitchell, 940-387-3502, Ext. 2.

Visit [RedAngus.org](http://RedAngus.org) for more information.

Ranch Tested. Rancher Trusted.

# Red Angus

"We've been using MIX 30 since 2004 and have seen an increase in conception rates, calf survivability and cow condition."

Glen Halfmann | Halfmann Red Angus

## MIX 30

THE HIGH ENERGY LIQUID FEED.

# TERMS & CONDITIONS

## BIDDING DISPUTES

The Auctioneer will settle any disputes as to bids, and his decision on such matters shall be final.

## TERMS

Terms of sale are cash. All settlements will be made with the clerks of the sale immediately following the conclusion of the sale and before any cattle will be released.

## PURCHASER'S RISK

Each animal becomes the risk of the Buyer as soon as sold. Insurance will be available sale day.

## CERTIFICATE OF REGISTRY

A certificate of registry will be furnished to the Buyer for each animal after settlement has been made.

## ANNOUNCEMENTS

Changes or errors in the information contained in this catalog relating to the animals offered for sale will be announced from the auction box and such announcements shall take precedence over printed matter in the catalog.

## BREEDING GUARANTEE

All animals sold are guaranteed breeders by the Seller. All claims for adjustment or refund must be made in writing within six months of the sale date. In the event an animal is claimed to be a non-breeder, the purchaser may return the animal to the ranch of the seller if in good condition, free of disease, and complying with the health requirements of the Seller's state. The Seller will be entitled to six months trial following the return of the animal in which to prove that the animal is a breeder. If at the end of six months, the Seller shall be obligated, at his option, to refund the purchase price, replace the animal with another of equal value, or grant the buyer credit for use on cattle marketed by the seller. The return of the full purchase price shall, in any case, be deemed full satisfaction and settlement. If the Seller proved the animal to be a breeder, it shall be the obligation of the purchaser to take delivery of the animal at the purchaser's expense. All animals are guaranteed to be breeders, with the exception of a) calves under twelve months of age; or b) animals shown by Purchaser after sale; or c) gross negligence or willful misconduct on the part of the Purchaser.

## SELLER'S SEMEN RIGHTS

Seller keeps a 50% revenue-sharing breeding interest without possession, in every bull in this catalog unless otherwise noted in this catalog or in the sale day supplement. In the event Seller elects to collect semen from a designated bull, it will be done at Seller's expense and during such time when purchaser is not using the bull for breeding. Future semen collections of the bull must be made known to all owners prior to collecting. These collections and costs will be divided according to each owner's interest unless otherwise agreed upon mutually by all owners.

## LIABILITY

Neither owners, sale managers, clerks nor anyone connected with the sale assumes responsibility, legal or otherwise, for damage of any kind.

## CONTRACT

The above terms and conditions shall constitute a contract between the buyer and seller of each animal sold.

## IMPLIED WARRANTY

Except for those stated in the terms and conditions, there are no warranties or implies, as to merchantability or fitness for a particular purpose with respect to the cattle being sold in this auction. The warranties set forth in the terms and conditions are in lieu of all other warranties, either expressed or implied, and the remedies provided therein shall be the sole and exclusive remedy of the buyer, or any party claiming through the buyer, for any breach of warranty or guarantee therein provided and all other obligations or liabilities.
